

Realm Racing visits Chicopee Ski & Summer Resort

Chicopee Ski & Summer Resort in Kitchener, Ontario was the site for CSRA Rounds 7 and 8. This race is always held the weekend after spring break and usually provides us with some great fair weather riding!

With seasonal temperatures we were headed into a great weekend of racing. Nights were below freezing helping the track setup and daytime temperatures just above zero. The resort had been working hard in preparation for our event and snow was abundant. Ric Wilson came out of retirement and built us a track that wouldn't disappoint.

Saturday's weather couldn't have been much better with bluebird skies and the warm sun beaming down. Well prepared for the weekend and coming off a high from the previous race the girls were ready to do battle. Lindsey finished 5th in both of her heat races for 5th overall in Junior/Novice 2. In Junior Girls she finished 4th in both heats for 4th overall. Meghan finished 7th in her heats for 7th overall in Transition Girls. In Transition 2 she finished 6th in both heats and 13th overall.

Sunday was a new day and new day, Realm Racing partnered up with Huber Motorsports in front of the fans to bring awareness to Autism. A couple quick speeches from both team owners Gerhart Huber and Eric McClenaghan provided everyone with some information on Autism. Stickers donning the Autism Awareness ribbon along with Huber Motorsports bands with Race for Autism logos were given out to the fans in attendance. For the kids an Easter egg hunt had the running around the track looking for chocolate eggs, family fun for all ages!!

Overnight was just enough time for the track to setup once again in preparation for racing. Lindsey finished 6th in both of her heat races for 6th overall in Junior/Novice 2. In Junior Girls she finished 5th in heat one, 4th in heat two for 4th overall. Meghan finished 7th and 7th in her heats 7th overall in Transition Girls. Transition 2 was a little tougher for her today she finished 8th in both heats and failed to make the final for the first time this season.

Both girls raced hard and continue to improve, their never give up attitude and desire to compete helps them persevere. Learning from mistakes and building on positive outcomes continues to help fuel their passion and push them to improve.

The CSRA Snowcross final set of races are located at Horseshoe Valley Resort in Barrie, Ontario. March 30th and 31st is the Mystik Lubricants National Championships and April 1st is the Dayco National Snowcross Finals.

Realm Racing has partnered up again with the Huber Motorsports Pillers/Polaris Racing team racing the entire 2018 season to promote autism awareness. They can be found at <http://hubermotorsports.com/>
